Moo-ving on from Farming

On the site of a diversifying dairy farm, Tapnell is the perfect place for indoor and outdoor fun, connecting with and learning about domestic and exotic animals including “hands-on” sessions.

Students can go wild on the many activities which include soft play zones, jumping pillows, pedal go-karts, zipwires, giant hay bale climbing frames, sledge slides, mini golf and much more!

Bolt-on Activities

Why not spend the whole day at Tapnell and include one or more of their popular bolt-on activities, such as Football Golf, Archery (11+) or even Axe Throwing (also 11+)?!

Or, for the ultimate day out, pair a visit with a trip to the Aqua Park next door and experience the Isle of Wight’s bounciest attraction which will have you splashing, sliding and laughing all the way round the 20+ huge inflatable water obstacles! (7+)

All-Weather Fun

Tapnell Farm has plenty of indoor activities as well as outdoor fun, so if the weather isn’t kind there’s still plenty to do.

Meet the animals in the Animal Barn, and get up close and personal with some of Tapnell’s smallest and cutest residents.

Wander around the Wallaby Walkabout with a mob of tame wallabies, and admire the marvellous meerkats as they stand guard.

Venture into the paddock and meet the friendly goats, alpacas and their other animal chums.

FUN 90%

LEARNING 70%
