### Motorcycle Racing Madness!

Fancy something completely different on your next school trip?

How does a thrilling evening of Speedway (motorbike dirt track racing) sound?

We were dubious too, until we started to take groups along to the Wight Warriors stadium and realised that every single one was having an amazing time!

### Meet the Riders

As special guests of the Warriors, the student cohort will get backstage passes to meet the riders and their machines before the event.

A perfect opportunity to grab a "selfie" whilst sitting on a dirt bike!

### Snack Bar

Next, it's indoors for a burger and a drink before cheering on the racers as they undertake a series of events against a visiting mainland team.

Surprisingly good fun!

**NB:** Racing is only an option on certain weeknights - usually Tuesdays and Thursdays, and only on alternate weeks.

*The timetable isn't published until January/February so we cannot confirm availability until then for your week. But there's plenty of alternative options we can slot in for you.*
