No Resources

### Ten Pin Bowling Alley

A popular evening activity with many of our school groups, this indoor computerised facility can cope with large groups by utilising multiple lanes at any one time.

### Laser Quest

A futuristic space adventure played in a darkened arena - each player has a pack and a laser gun. The object of the game is to "shoot" your opponents and gain a high score.

Games last 20 minutes and run twice per hour - including a 5 minute safety briefing.

### Arcade

A range of adrenaline-fuelled video games including classics such as air hockey tables.

### Food & Drink

Food and drinks are available from an American-style menu, including children's meal deals to help make a night out into a party night.
