

Location! Location! Location!

How much can you learn about where an animal comes from?

Student Introduction

- ▶ Experience the habitat of different animals using your senses.
- ▶ See how the zoo park creates an appropriate habitat for the animals.

On entering Amazon World... Use your senses!

What do you:

- ▶ feel?
- ▶ see ? (Don't forget to look up!)
- ▶ hear?
- ▶ smell?

Look at the leaves. They are _____ and _____.

Draw one of the leaves here:

Useful
words
humid...
warm...
green...

Where in the World?

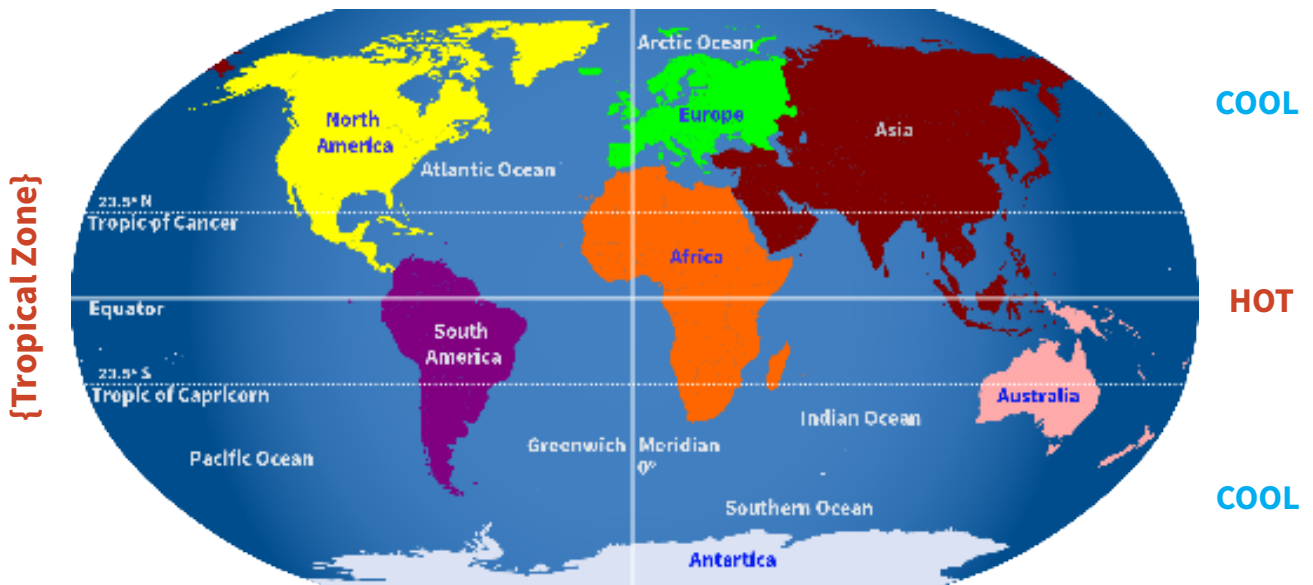

Find and name the animals!

Look at the information boards. Draw lines to where they live on the map.

Add other animals you can find...

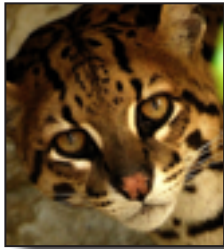

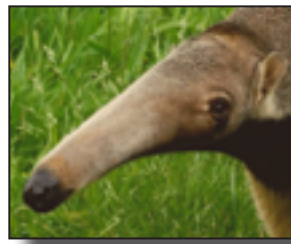

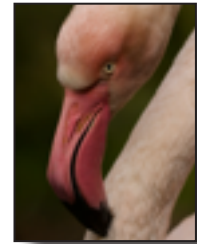

Outside: Find these animals.

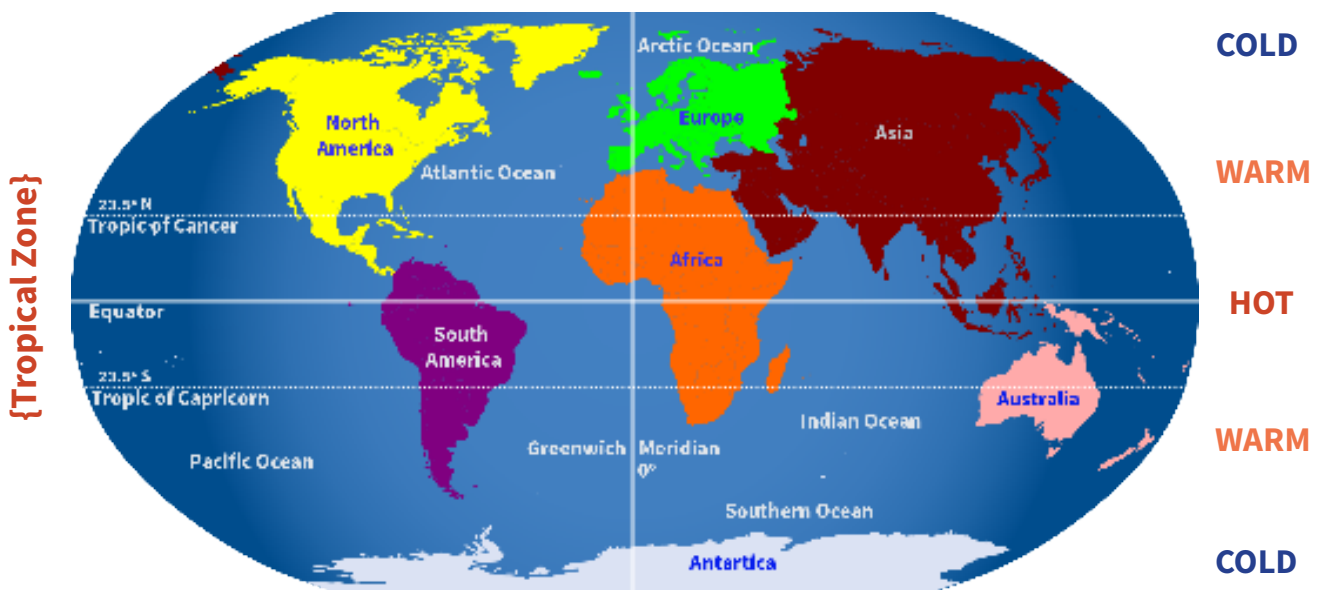

Name them and show where they live on the map.

Can you find your own?
